Additional Information Not Included in Manual

CC WiFi Internet Radio

The CC WiFi Internet Radio offers two new features that are not included in the current instruction manual.

(Our online version has been updated at <http://www.ccrane.com/c/pdfs/instructionmanuals/cc-wifi-radio.pdf>).

We are proud to announce the features of iHeartMedia® owned radio stations & Radio.com-CBS® have been added to our current CC WiFi Internet Radio.

Please follow the “Getting Started” section of the manual first. When you are ready to Search for iHeartMedia or Radio.com – CBS Stations, please follow the instructions below:

To listen to iHeartMedia owned radio stations on your CC WiFi Internet Radio:

1. Navigate to the main menu screen which will show Stations and Personal Radio.
2. Select Stations.
3. Rotate the Dial/Select knob to the right to locate iHeartRadio.
4. Press and release the Dial/Select knob.
5. Rotate the Dial/Select knob to select “Search”, “Local”, “Genre” or “Location”.
6. Press and release the Dial/Select knob.
7. Please refer to pages 11-13 of the instruction manual for more information to search for stations.

To listen to Radio.com – CBS stations on your CC WiFi Internet Radio:

1. Navigate to the main menu screen which will show Stations and Personal Radio.
2. Select Stations.
3. Rotate the Dial/Select knob to the right to locate "Radio.com".
4. Press and release the Dial/Select knob.
5. Rotate the Dial/Select knob to select “Search Stations”, “Local Stations”, “Browse Stations”.
6. Press and release the Dial/Select knob.
7. Please refer to pages 11-13 of the instruction manual for more information to search for stations.

Note: Live365 and Aupeo are no longer available on the CC WiFi Internet Radio.
